Together Everybody Achieves More

23-5-14

Dear Parents,

While this half term has been short there has been a lot happening in and out of school. Children in Year 2 and Year 6 have taken their National SATs tests, children in reception have been to visit the farm at Woodchurch C of E High School and there have also been visits to the Philharmonic. Unfortunately the weather has delayed two of our sports days but we have reserve days for those and the Year 3/4 sports day was fantastic. The parents egg and spoon race with real eggs was very exciting!

Our Work for Charity

Well done to Year 5

During the school year, children in year 5 have raised over £275 for their chosen charity 'UNICEF' by making and selling cakes to children in KS2, during morning break.

CAFOD

As part of our Easter preparation we held a small coin collection which raised over £200 for CAFOD.

Support for Chernobyl

Thank you for your generous support for the Chernobyl children's Lifeline. We have had lots of clothes donations and I know the visiting children will really appreciate the opportunity to wear some lovely clothes.

Healthy Snacks at Break time

Children in KS1 are provided fruit each day, however, children in KS2 do not receive this from school and need to bring in their own fruit for break time. I would encourage all parents to provide some fruit for break time for their children in KS2.

Sun Safety

Hopefully during the summer we will have lots of good weather. Where possible we ask that parents put sun tan lotion on children before they come to school. When this is not possible please send sun tan lotion in with your child which they can use for themselves. They will need to be able to put it on themselves. On hot days especially, sun hats are really important as well as plenty to drink. There are drink fountains at school but it is always useful if children have their own drinks of water with them as well.

Ashton Park

Over the past couple of weeks I have been contacted by a number of concerned parents of older children at St. Bridget's and my fellow Headteacher at West Kirby Primary School. The concerns have been about poor behaviour when using Ashton Park. We are lucky to have use of such beautiful parks in our local area and I would ask that you ensure that your child behaves in such a way that all users can enjoy the facilities.

Road Safety

I have been contacted by a local resident who has expressed concern with children riding their scooters and bikes to school with little consideration for other people using the pavement. Please ensure that your child travels to school safely and shows courtesy to all our local residents.

Also between Monday 23rd - Sunday 29th June 2014 it is Child Safety Week. Please visit the website for more information.
