Dear Parents/Carers,

Each year at this time we ask you to complete an annual survey. Last year we received 118 responses and we are always grateful for your feedback. It would be good to have even more responses this year. The results of this questionnaire are published on the website in the feedback section. This section also includes the feedback from some of the events and curriculum support activities we hold.

I have reviewed the feedback we have received from the November 2021 questionnaire and I have provided a response on the main themes that arose.

At the end of this newsletter is the link for the new questionnaire.
