'Love your neighbour as yourself.'
Luke 10:27

4-9-2020

Dear Parents/Carers,

We have had a very positive start to the new term. The children have returned to school with smiles, plenty of energy and ready to learn. It has been great to see. The teachers have discussed the new routines with the children and they are adapting to these quickly. Thank you to all of the parents who have sensibly used our one-way system in and out of school. This has really helped us all to have a smoother start at the beginning and the end of the school day. We are keeping the end of day pick up times under review and may adjust these depending on how busy the playground remains at the end of school. I would ask that once you have your child that you leave the playground as soon as possible.

Most recent advice - What to do if a child is unable to attend school because they have COVID-19 symptoms

Please be advised that nobody should enter the school site (parents/carers or children) if they show symptoms of coronavirus, which are:

- A high temperature – this means you feel hot to touch on your chest or back (you do not need to measure your temperature).
- A new, continuous cough – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (if you usually have a cough, it may be worse than usual).
- A loss or change to your sense of smell or taste – this means you've noticed you cannot smell or taste anything, or things smell or taste different to normal.

Anyone who develops symptoms of COVID-19, or whose household member develops symptoms, should immediately self-isolate. They should not attend school and should follow the steps below.

1. Parent/Carer should notify the school of their absence by phone
2. School should record name of staff or pupil, contact details, reason for absence, date of onset of symptoms, date last in school, class group.
3. Direct them to [Stay at home](#) guidance for isolation advice for child/staff member and their households. **The person with symptoms should isolate for 10 days starting from the first day of their symptoms** and the rest of their household for 14 days.
4. Advise that the child/staff member should get tested via NHS UK or by contacting NHS 119 via telephone if they do not have internet access This would also apply to any parent or household member who develops symptoms. If any staff contact develops symptoms then they can apply for a test via <https://www.gov.uk/apply-coronavirus-test-essential-workers>.
5. **There is no further action required by the school at this time, and no need to notify the Local Authority or Health Protection Team.**

St. Bridget's Buddies Provision

St. Bridget's Buddies is up and running. Please make sure you contact Mrs Redgrift if you have a change of arrangements or would like information about the service.
