Dear Parents/Carers,

## School update

This week we have continued to expand our provision and have successfully welcomed back most of the Reception children. Many of them have bounced into school smiling, but some were anxious. This is understandable after such a long break. On the second day of returning to school much of the observable anxiety had dissipated. With this in mind I feel it is important to offer the opportunity to children in the year groups who **have not been able to attend** school a time to meet with their teacher. I am planning for this to be a 45-minute pastoral meeting, to help them feel connected to school and to think about transition for September. In a separate email, I will be writing to these children in Years 1 to 5 to organise this.

## End of year transition phone calls

To complete the year and to assist our understanding of your child's development the teachers will be making one final phone call to parents, except for year 6 children, as transition meetings with secondary schools have already taken place. During this phone call we will enquire about the success of home learning, your child's well-being and any concerns prior to transition for September. It is anticipated that these calls will take approximately 5 minutes. Please be aware that some phone calls from school may look like an unknown number. If we are unable to reach you, we will schedule a follow up call. If this is unsuccessful, we will send you an email to let you know that we have tried to contact you.

## St. Bridget's Buddies Summer Provision

We have had a number of enquiries for summer provision. I am pleased to confirm that we can now staff St. Bridget's Buddies for the first four weeks of the Summer holiday (Monday 20<sup>th</sup> July – Friday 14<sup>th</sup> August). The information and application are attached with this email.

Yours sincerely,

*Neil Le Feuvre*
