Very informative thank you.</p> <p>It was lovely to meet the staff properly.</p> <p>Not really enough content to discuss to warrant coming in. Maybe more beneficial later in the term so we can discuss progress in subjects.</p> <p>Nice to hear about good examples of work that we may not get to see</p> <p>An excellent demonstration of the support and care given to our daughter. The booklets confirmed both the teacher's report and how happy our daughter has been at school.</p> <p>I feel it is important at every parents evening that parents are informed as to their child's academic performance in order to help their child in areas in which they are struggling. In this parents evening we are actively steered away for this issue. I feel this area is much more important than 'my child is playing nicely with others'. Please reconsider not discussing academics in the October parents evening.</p> <p>It was really informative</p> <p>It was good to find out what areas of work I need to focus on at home to help support my daughters learning at school</p> <p>Very efficient</p> <p>The meeting was very helpful, many thanks!</p>
