*Together Everyone Achieves More*

**20-7-18**

Dear Parents,

This year has been another successful year. We have enjoyed good successes in sports, our choir have sung in a variety of concerts, children have enjoyed fantastic school trips and a variety of extra curricular activities. One particular success this year has been the link coffee morning on Wednesday's at St. Bridget's centre supported by year 4 pupils.

In our last assembly of term we said goodbye to the children in year 6 as well as some of our staff who are retiring. These moments are tinged with contrasting emotions - the sadness of parting and leaving, strong friendships formed over time, mixed with excitement of new opportunities in the future. We also presented the end of year trophies. This year we introduced an award for the child who has shown a positive mindset when faced with different challenges during the year which compliments the important aspects of our school values.

## **PA News:**

Over 150 people attended the evening at Hillbark and together with the Raffle we're extremely happy to announce we made £1130 from the event, but more importantly it was an amazing evening.

## **E-safety**

On a regular basis technology presents parents and school with challenges. The Fortnite game has become very popular and while the age recommendation is 12 I know that some children in school play this game. On our website in the news section there is some clear and useful guidance for parents.

## **Updates**

In accordance with new data protection guidelines, we have issued an updated privacy notice which is available on our school website.

Dogs on the field – Increasingly we have noticed that there are some dogs that regularly visit our field. I would ask that you do not let your dog foul on our field even if you pick it up. Please do not be offended when one of my staff speaks to you about this in September.
