

St Bridget's C of E Primary School

FOUNDATION 2 PARENTS QUESTIONNAIRE RESULTS DISCOVER & DO AFTERNOON – AUTUMN 2018

This feedback form was aimed at F2 parents as a way of capturing their thoughts on their and their child's experience at St Bridget's.

Question Asked	Answered Yes	Answered No
Did you find the activities set up around the classroom helpful in understanding how your child learns?	97% (32)	3% (1)
Will this experience help you further to support the learning of your child at home?	100%	0%
Any other comments		
What a lovely fun way of learning and so much thought and interest is put into engaging the children.		
It was amazing to see what my son has been learning. Super impressed with "the cleaning captain" something I will be bringing into the family home.		
Thank you for the opportunity to come into classroom.		
Really enjoyed the session and seeing all the hard work the children and teachers have made so far.		
This was a really lovely session. My son was so proud to show me his work. And it was so useful to be able to chat to the teacher and see how Henry interacts with his peers.		
Lovely to see how they learn. ☺		
It was very informative and wonderful to see what my daughter does at school.		
Thank you for organising such an informative, engaging and enjoyable session for us.		
Useful to see numeracy and literacy books.		
It was a fantastic session and my daughter was so proud to show me what she has been learning. Thank you		
It was good to find out that my son is struggling with understanding all the sounds in a word. Also it was good to see how you break up the numbers in his maths book e.g 7 is made up of 4 and 3 so $3 + 4 = 7$. We can practise this at home.		
My answer to the first question is countered by the words up by the rear carpet area where my daughter showed how she learns to pronounce words.		
It was a great opportunity to see where the children spend their time and the things they learn with e.g. the blocks they used to build towers and learn the names of 3D shapes. I also really liked the dedicated slot for one on one time with the literacy and maths books for the children to talk us through them. My son was very proud of his and I hadn't realised they would be so detailed. I found it really useful to see him in the context of the classroom and I can now relate things we talk about at home to what I saw in the classroom. Thanks for the opportunity - we would love to do it as often as feasible.		
We both thoroughly enjoyed the activities and the discover and do session		
Thank you for a lovely, interesting time. It was helpful and enjoyable to discover more about everything that my daughter has been learning in school.		
Really useful to see the activities used to progress my son's learning - really pleased to see how well he understands what's expected of him while he's at school		
Wonderful chance to see how FS2 are learning.		
He was very excited for me to go into school to see what he was doing.		
It was a good opportunity to see how my child is learning and how I could use similar if not the same methods at home.		
It was very informative and thorough in the short amount of time it lasted		
Thank you for all the hard work that goes into preparing all the wonderful activities that my daughter enjoys so much		
Great experience for parents and kids.		
My daughter tries to explain what's been happening in school that day and now I will have a better idea. Thanks		

A wonderful insight into our children's learning and discovery in reception and the fantastic creativity of the staff. Very impressed. And my daughter was so thrilled to show me around.
